Dear Grattan

**Re: Twin Oaks Eviction**  
**(Ann Egan, Kathleen Slattery, Nora Gammel, Margaret Slattery, William Egan)**

Thank you for the forms that you sent through for Ann Egan, Kathleen Slattery, Nora Gammel, Margaret Slattery and William Egan.

First can you please let me have the date of birth for Nora Gammel as this is missing.

Secondly I didn't get back any MEANS forms. I don't know what happened here but I enclose a CLS MEANS2 form for each person. I have completed the form but there are three assumptions I have made. First that each person is receiving Income Support, second that the person actually receiving the Income Support is the same person, thirdly that the Social Security office is at Edgware.

If the person is not in receipt of Income Support than a different form is needed. Please check, half way down the page, where it states "what is the name of the person receiving the benefit?" that this is the same person and if not, change it. You will also then need to change the date of birth on the next line. Can you also check whether the Social Security office is in fact Edgware and if not change this. So long as I know which Social Security office it is I can find the address.

Sorry to put you to this additional trouble but I am afraid there is no other way out.

I am writing to you separately about the Appeals for funding.

I also enclose a routine letter about Legal help, which we are required to provide to all clients. This is to satisfy the requirements for the Legal Services Commission. The one

significant piece of information is that if damages are obtained for people and the costs are not fully covered then the Legal Services Commission will take the costs out of the damages.
